

HASD Student Meals

As a student in Hazleton Area School District, your child is given the opportunity to receive a FREE school breakfast and lunch daily. This school year may look different than many others due to Covid-19, however breakfast and lunch will still be available to any child in the community under 18 years of age. Caregivers may pick up meals. The child does not need to be present. One breakfast and one lunch per child is permitted. Please only pick up meals at one location.

During on line learning, the district will be preparing breakfasts and lunches for your Children, that can be picked up at the buildings and locations listed below every Tuesday and Friday from 10:30 a.m. to 12:30 p.m. When you arrive staff will be waiting to distribute meals. Parents may pick up meals for students in the HASD only. **If you need meals daily, please email the cafeteria manager below and they will contact you with a menu and plan for pickup. If you want to order ahead please email the cafeteria manager with the information and meals will be prepared and ready for pickup.**

As schools reopen, school cafeterias will provide limited menus and/ or breakfast in the classroom. All recommendations from the CDC on safety and sanitation will be followed to the best of the district's ability.

Children DO NOT need to be enrolled in the HASD to receive meals. Any child under the age of 18 years old is eligible.
