

RECEIVE HASD INFORMATION BY TEXT OR EMAIL

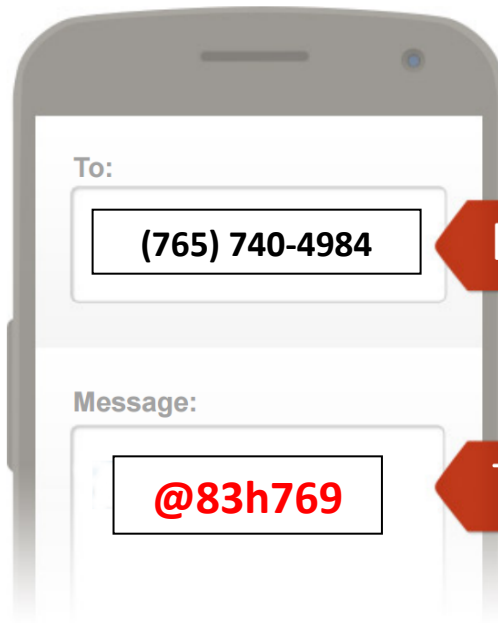

Parents,

As you know the Hazleton Area School District is no longer able to send mass text messages due to a new FCC ruling and our current provider's inability to comply with the ruling. We realize the importance of electronic communication, so we will begin utilizing **remind.com** as a method of mass communicating via text and email. The district will send texts and emails to alert parents of weather related delays and cancellations as well as other important information parents need to know. The district will use **remind.com** as a stop gap measure to communicate with parents until we are able to find a more permanent solution. Text and emails sent via **remind.com** will be one way communications and recipients will not be able to reply to the messages. In the event you need to contact the district, we ask that you visit

<http://www.hasdk12.org/domain/27> for a list of school and administrative phone contacts. If you are interested in receiving information from the district via text or email, please follow the instructions below. Remind is free, and you can opt out of the service at any time although standard text messaging fees will apply if you do not have an unlimited texting plan.
