The Hazleton Area School District has implemented Skyward as the student information system. Skyward offers parents and guardians the ability to access information relating to their children enrolled in the Hazleton Area School District (HASD). This access is provided through a portal called Family Access. Family Access is a secure web-site, which allows parents to track information regarding their children (i.e. attendance, grades, schedule, assignments, etc.).

Skyward Family Access can be accessed from the HASD web site (www.hasdk12.org). The [link to Skyward](#) is located on the top right of the page.
