

# Kindergarten Activity Period

-  **Tumble Books:** This educational website allows students to read along as they listen to stories.
-  **Story Time:** Students will listen to a story and illustrate and write about their favorite part.
-  **Computers/Library:** If available, students will be able to visit the computer lab and/or school library.
-  **Movie Time** (age appropriate): Students will enjoy comparing and contrasting some of their favorite books to the corresponding motion pictures.
-  **Practice Drills:** Safety is important, so students will practice emergency drills to be prepared.
-  **Outdoor Exercise** (weather permitting): Students will have the opportunity to stretch their legs while making observations about the environment surrounding our school.
-  **Listening Skill Builders** (Simon Says, Follow the Leader, Hokey Pokey, Chicken Dance): While moving, dancing, and singing students will strengthen their listening skills.
-  **Nursery Rhyme Music:** Students can sing along with nursery rhyme music building their pre-literacy skills.
-  **Thematic Art Projects:** Holiday and seasonal projects will get students excited about upcoming events while extending curriculum instruction.
-  **Fine Motor Skills Activities** (clay, playdoh, popsicle sticks, sidewalk chalk): Students can use these manipulatives to create letters, numbers, and their names, as well as, use their imagination to create works of art.
-  **Extended Lunch Time:** Kindergarten students will have a few extra minutes to ensure they are able to eat their lunch, as well as, use the restrooms.
