Kindness

What does kindness mean? Kindness is one of the most important character traits. To be kind is to care for other people and to show that you care through your actions. You can show kindness in many ways. Being kind means saying 'please' and 'thank you' to people. You can do something extra to help others when you have a chance. If your friend is sad, the kind thing to do is to try to cheer them up. Donating your old clothes and toys to others is also a kind thing to do. If someone is having a bad day, giving them a hug would be kind. Showing kindness to animals is also important. Being a good neighbor at your desk in school and at your home is also a way of being kind. What are some ways that you can be kind to others today?
