espect for others

I will keep my hands and feet to myself and treat others the way I want to be treated.	
I will not talk when someone else is speaking. <i>I will treat others the way I want to be treated.</i>	
I can resolve conflict in a positive way and use kind words. <i>I will treat others the way I want to be treated.</i>	
I will celebrate the similarities and differences in everyone. <i>I will treat others the way I want to be treated.</i>	
I recognize there are ways to show PRIDE in all places. <i>I will treat others the way I want to be treated.</i>
