## Our Favorite Memories of 2011

By: Jennifer Alberto and Christley Mena

What was your favorite memory of this year? This school year is coming to an end and there are lots of memories we are looking back on. This year was not like any other. We had lots of laughs and some crazy times too. HEMS students reflect and share their favorite memories of the year.

**Adrain Valerio**, seventh grade, said, "My favorite memory this year was playing my very first basketball game against Heights Terrace and to make it better, we won the game too!" Sounds like he is going to miss those basketball games.

With more basketball memor-

ies, eighth graders favorite memory is hanging out with **Amber Veras** and **Lucely Rojas** said her friends and that they loved playing meeting **Sneki Nikolic!**"

**Josiel Delgadillo**, seventh grade, said he liked that he met a lot of new people. His favorite memory is, "becoming class president. It feels good being called president."

**Kevin Lantigua** and **Harley Castro**, who said We both had a great year with all our friends and teachers. We are going to miss you.

Enjoy the rest of the school year and have a great summer! We will see you back in August.

**Almanzar** said she is, "Going to chill" with her friends and is going to the DR and

Florida with her family.

**Lucely Rojas**, 8th grade, plans to "make this the best summer ever."

"I will hang out with my friends and go to amusement

parks," said Michael Pollock, 8th grade.

## What 8th Graders Will Miss Most About "The Castle"

By: Moriah Graaf and Lauren Merola\*

Many 8th grade students will find it difficult to go to 9th grade because of the attachment they have to "The Castle." Some students expressed their sadness about the things they are going to miss, while others mentioned some things they were not going to miss.

**Sandra Cruz** is going to "miss the teachers" and **Leslie Rodriguez** agrees

saying the teachers here are "awesome."

**Aurora Savadge** said she will miss her friends. She isn't guaranteed to be in the same classes with them next year with all the students combining from the other middle schools.

**Michael Etzel**, **Brandon Anziani**, **Jaiden LaRizzio**, and **Penelope Guerrero** have all been here since 4th grade when Hazleton Ele-

Middle School first opened it's doors in 2007 and therefore find it hard to leave. Guerrero said the school has given her a lot of memories, she met a lot of people, and took part in many activities.

Though most 8th graders will miss certain things about "The Castle" there are students who are ready to move on to the high school.

**Emanuel Aman-**

**cio** and **Melena Arias** both stated they are ready to move on. Arias commented, "I have to make a future for myself," while Amancio stated that moving on to high school meant moving on in life.

**Wilson Soto, Domingo Gonzalez**, and **Brianna Corra** are happy to move on because they aren't fans of the school lunches and

**Memories cont.** hope the food is better in 9th grade.

**Delane Hunsicker** is ready to move on because "it is too cramped at this school."

**Terry Bryan and Denny Ceballo** simply don't like school in general and therefore won't

miss "The Castle" or any other school.

**Keefler N.** will not miss it here because he feels the school lacks fun activities.

Lastly, **Andy Acosta** said he will not miss it because he unfortunately has some bad memories at "The Castle."

Whether you are

happy to move on for different reasons or sad because you will miss your friends and your teachers, there is one thing you will always take with you - the excellent education you received here.

We hope you have enjoyed reading all of the com-

ments from your fellow students. We would like to wish you good luck to everyone going to 9th grade next year and to all the 7th graders for their 8th grade year! Enjoy every minute of it because it goes by fast. Before you know it, we'll be seeing you at the high school!
