

How to Use Skyward

A guide for parents

WHAT IS SKYWARD ?

Skyward is a program that gives parents the ability see their child's grades, attendance records, receive communication from the school, emergency procedures, and more. ***Now more than ever, it is critical that the school is able to communicate with parents in a safe, secure, and immediate manner. There are going to be times when we NEED you to know something immediately:***

Examples:

- A bus breaks down and will not be arriving on time
- An unexpected weather event that forces the school to close
- A mechanical malfunction that requires the school to close
- A medical emergency
- Any unforeseen emergency where parents need to be alerted immediately

WHAT IS SKYWARD ?

Please log into Skyward every time you:

1. Change your phone
2. Change you email address
3. Need to add , delete or change an emergency contact number
4. Want to see your child's attendance
5. Want to see your child's grades
6. Want to see your child's report card

IMPORTANT

Parents have different access than students. PLEASE be sure you are logging in to Skyward as a PARENT and not your child !

The MY ACCOUNT page is only available with parent access. This is where you can change or add your phone numbers and email. If the school needs to call you, this is where we will find your phone number. If you do not keep this up to date, we will not be able to communicate with you. This page also tells us what your email address is. Please keep this page up to date.

Student Information:

You can add an additional phone number for a specific child. This can be helpful in cases where children see different family members on different days.

Family Address:

Can only be changed at the district office

Emergency Information:

You can add medical information here as well as any other critical information on the specific child

Add Emergency Contact:

You can add and delete emergency contact information for each child. This can be helpful in cases where children see different family members on different days.

You can change certain information regarding your child using the ***Request Changes*** link in the top right hand corner. Some information can not be changed unless you go to the district office. This is especially true for address changes, which has to be completed at the administration office.
