

-Hello! Let's start by reviewing bar graphs. Click the link below to watch a video:

<https://www.youtube.com/watch?v=oYXmY5axC2I>

-Next, let's grab a piece of paper and crayons. I would like you to create a bar graph using the following data, and answer the following questions:

Ten students were asked how they get to school. Five students said they walk, two students said they drive, and three students said they take the bus.

(Continue on next page)

-What is the **most popular** way of getting to school?

-What is the **least popular** way of getting to school?

-How many students **total** drive **and** take the bus?

If you have any questions, please have your parents send me an email at jukaj@hasdk12.org.
Enjoy your snow day! -Mr. Juka
